1. Introduction

The Manual for Grant Applicants (hereinafter the “Manual”) is designed for Applicants for Grant from the Program for Non-governmental Organizations “Democracy and Human Rights”(hereinafter the “Program”). It is valid for the Third Call for Grant Applications for Non-governmental Organisations (hereinafter the “Call”) and shall enter into force on the date of announcement of the Call (please see page 1 of the [Call](#)). The Fund Operator of the Program is Nadácia otvorenej spoločnosti Open Society Foundation - Open Society Foundation (hereinafter the “Fund Operator”).

The Program is supported by the EEA Grants 2009-2014 by which the Donor States, Iceland, Liechtenstein and Norway contribute to reducing economic and social inequality within the EEA and to strengthening relations between donor and beneficiary countries. The Program implementation period lasts from January 2013 to April 2016. During this period the Fund Operator - NOS-OSF, will distribute € 3,061,850. Since 2013, NOS-OSF has provided support through the Program to 63 NGOs totalling € 2,828,653.

The Program specifically aims to support non-governmental organizations (hereinafter the “NGOs”) operating at local and regional level in Slovakia in four priority areas of support:

- Democracy, good and transparent governance;
- Human rights including minority rights;
- Gender equality and combating gender-based violence;
- Fight against discrimination, racism and xenophobia.

The cross-cutting priority of the Program is the development of NGO capacities and enhancement of their position in the society. The Program is specifically aimed at combating Hate Speech – verbal incidents as a form of hate-related violence, extremism, racism, xenophobia, homophobia, sexual harassment, violence against women and human trafficking. At the same time, the Program will address anti-Semitism and encourage the reinforcement of tolerance, multicultural understanding and equal opportunities for Roma citizens. The program will also focus on the specific needs of minorities, including Roma.

The Fund Operator will ensure the highest possible level of transparency and responsibility during the implementation of the Program and future NGO projects. The Fund Operator will also make sure that the Program and the projects comply with the principles of good governance, sustainable development, gender equality and equal opportunities. In order to stimulate a long-term bilateral cooperation between the NGOs registered in the Slovak Republic and the Donor States, the Program will particularly support partnerships on a project level in all program areas (for more information about bilateral partnership projects, please see [Call](#) and [Manual for Bilateral Fund](#)).
